

Expectations

- We all want to be respected
- We all share the same place
- We all share the same basic feelings
- Put downs are unacceptable
- Remember our manners and courtesy
- Remember considerate language

Being an Explorer

It's okay to ask questions!

- What do you notice? What do you wonder?
- Any question is a good question

It's okay to not understand something!

- Everyone is allowed to ask "I don't understand, can you explain that to me?"
 - o Be specific about which part you don't understand
- If someone asks you to explain what you did, be willing to explain, multiple times if necessary

It's okay to make a mistake!

- Everyone makes mistakes, and sometimes mistakes lead to interesting questions!
- Ask a friend to check what you have done to see if there are any mistakes!
- Never make fun of other people's mistakes.

It's okay to try things!

- If you have an idea, write it down, or talk to someone about it!
 - o If it's written down, or you talk to someone, maybe they can help you work it out and make it better!

It's okay to have fun!

- If something is cool, or exciting, tell someone about it!
- If someone is showing you something they think is cool, be excited for them!

Zero Zeros

Use only the five numbers 10, 100, 1000, 10 000,

and 100 000, with each number appearing exactly once, and as many of $+$, $-$, \times , \div (and brackets) as you like to make numbers with no zeros in their digits.
