Professional Experience Placement 1 – Interim Report

SCHOOL OF EDUCATION

Introduction

The purpose of this template is to guide reflective discussions between the Mentor Teacher and the Pre-Service Teacher early in the Professional Experience Placement to establish initial performance against the APST. These discussions will inform actions for improvement and setting shared understandings of the expectations of the Pre-Service Teacher's performance at our School.

Where a standard has not been met because there has not been an opportunity to demonstrate capabilities or knowledge in that area, this should be noted explicitly in the rubric.

If the Mentor Teacher believes that the Pre-Service Teacher reflected the tenor of the rating, but their attributes are not reflected in the examples given, they should give the rating that they think best reflects the Pre-Service teacher's standards and provide supportive evidence in their qualitative feedback. Clarifying comments can be added.
